

Gretton Primary School

'Kindness Rocks' Art Workshops

On Thursday 16th April 2026, we were fortunate enough to be joined by Charlotte from CATS (Cotswolds Arts Through Schools).

She worked with all classes to create pebble artwork as part of our 'Kindness Rocks' initiative - the children used pebbles and acrylic pens to create these bug-tastic pieces (see below) of artwork!

Kindness Rocks - How it works

As part of our focus on kindness, we are taking part in Kindness Rocks. This simple and thoughtful activity encourages children and families to spread positivity throughout our local community.

This week, the children have decorated their own small rocks. They will bring these home today (Friday). We would now like to encourage them to hide their 'Kindness Rocks' in safe, public places for others to find and re-hide. Suitable locations might include parks, pathways, or near benches.

If someone discovers a 'Kindness Rock', they are invited to enjoy the design, share a smile and then hide it again so the kindness can continue on its journey. You might even like to post pictures on your class WhatsApp groups?

Kindness Rocks is a fun and creative way to promote kindness, mindfulness and a sense of community, helping children to see how small acts of kindness can make a big difference.
